Course Description

This course will cover strategies to collaborate with parents and family members of students with disabilities and with school and community personnel who work with these students and their families.

Instructional Method

This is a fully online Live course with weekly meetings.

Prerequisites/Corequisites: Prerequisites: Programmed ESE major/Co-requisites EEX 4066, 4843

Course Objectives/Student Learning Outcomes

Content Selection and Focus

In compliance with Florida Statutes Section 1000.05 and Rules 6A-5.066 and 6A-5.081, Florida Administrative Code, this course:

- *Emphasizes critical thinking, content mastery, and effective instructional strategies*
- *Focuses on research-based practices that promote student achievement*
- *Provides opportunities to develop professional competencies and pedagogical skills*

I

nstructional Materials Usage

Selected Content: Course instruction will focus on textbook chapters, articles, and materials that directly support course objectives and professional preparation. Not all chapters or sections of assigned textbooks may be covered, as content selection is guided by:

- *Alignment with Florida state standards and educator competencies*
- *Evidence-based research supporting effective teaching practices*
- *Professional relevance to classroom instruction and student success*
- *Compliance with state educational requirements*

Our coursework is guided by the Florida Standards, the Interstate Teacher Assessment and Support Consortium (InTASC) Standards, the Council for Exceptional Children (CEC) Standards, and CAEP Accreditation Standards. Student competencies developed through these standards are measured and demonstrated through mastery of the Florida Educator Accomplished Practices, which represent the core knowledge, skills, and professional behaviors expected of effective Florida educators.

Teacher Candidates will demonstrate proficiency in applying skills and behaviors in effective teaching, management, and collaboration. Teacher Candidates must demonstrate the Florida Educator Accomplished Practices through observations, coursework and interactions with stakeholders.
By the end of the course, teacher candidates shall successfully demonstrate the competencies as outlined in the Florida Educator Accomplished Practices.
The FEAP are based upon and further describe the following four (4) essential principles:

1. The effective educator creates a culture of high expectations for all students by promoting the importance of education and each student's capacity for academic achievement.
2. The effective educator demonstrates deep and comprehensive knowledge of the subject taught.
3. The effective educator exemplifies the standards of the profession.
4. The effective educator acknowledges that all persons are equal before the law and have inalienable rights, and provides instruction that is consistent with the principles of individual freedom as outlined in section 1003.42(3), F.S.

Effective educators apply these foundational principles through six practices. Each of the practices is clearly defined to promote a common language and statewide understanding of the expectations for the quality of instruction and professional responsibility.

1. Instructional Design and Lesson Planning
2. The Learning Environment
3. Instructional Delivery and Facilitation
4. Assessment
5. Continuous Professional Improvement
6. Professional Responsibility and Ethical Conduct

This course complies with Rules 6A-5.066 and 6A-5.081, Florida Administrative Code. Course content and assessments focus on providing students with opportunities to think critically, master content knowledge, learn effective instructional strategies, and demonstrate teaching competence. All evaluation of student work is based solely on demonstrated skill and performance. Course materials do not distort significant historical events, promote identity politics, or endorse theories that systemic racism, sexism, oppression, or privilege are inherent in U.S. institutions.

Expected outcomes based on the FEAPs

The Candidate:

- Organizes, allocates, and manages the resources of time, space, and attention (A.2.a)

- Manages individual and class behaviors through a well-planned management system (A.2.b)
- Conveys high expectations to all students (A.2.c)
- Maintains a climate of openness, inquiry, fairness and support (A.2.f)
- Adapts the learning environment to accommodate the differing needs of students while ensuring that the learning environment is consistent with s. 1000.071, F.S. (A.2.h)
- Creates a classroom environment where students are able to demonstrate resiliency as outlined in Rule 6A-1.094124, F.A.C. (A.2.j)
- Uses a variety of assessment tools to monitor student progress, achievement, and learning gains. (A.4.c)
- Shares the importance and outcomes of student assessment data with the student and the student's parent/caregiver(s). (A.4.e)
- Collaborates with the home, school and larger communities to foster communication and to support student learning and continuous improvement. (B.1.d)
- Adheres to guidelines for student welfare adopted pursuant to Section 1001.42(8), F.S., including the requirement to refrain from discouraging or prohibiting parental notification of and involvement in critical decisions affecting a student's mental, emotional, or physical health or well-being, unless a reasonably prudent person would believe that disclosure would result in abuse, abandonment, or neglect as defined in Section 39.01, F.S. (B.2.a)
- Adheres to the rights of students and parents enumerated in Sections 1002.20 and 1014.04, F.S (B.2.b)

Note Regarding Florida ESOL Competencies
This course incorporates multiple language acquisition instructional strategies throughout its design and delivery. While these strategies are integrated into our coursework and classroom practices, they are not specifically identified in this syllabus because the Florida ESOL standards are currently undergoing revision. Students will receive guidance on appropriate language acquisition strategies during relevant course activities and discussions.

Course Evaluation Method

1. Chapter Vocabulary Activities
Select critical vocabulary words for each chapter will be defined and applied through various activities to support understanding and application of concepts. (Objective 1)
2. Quizzes: (Point value = 5 @ 8-12 points each = 130 points)
There will be chapter quizzes on the assigned readings. The quizzes will be untimed and administered via Canvas. These quizzes will focus on the vocabulary and main points of the chapters. Supplemental articles may be included. Quizzes must be completed by the due date. They will help to provide consequences for thorough reading of the assigned chapters. (Objectives 2 & 3) (ALC Content knowledge & skills)
3. IRIS Modules (FBA) and CASE STUDIES (DEFINING BEHAVIOR AND MEASURING BEHAVIOR)
An IRIS Module will be completed including written narrative responses to the module Assessment page. Four case studies will connect to the course content two case study will focus on Defining Behavior and two will focus on Measuring Behavior. (Objective 2 & 4) (ALC Critical Thinking)

4. Critical Assignment – Data-based Decision-Making Case Study

Behavioral Data-based Decision Making: The student will complete a data-based decision-making assignment using a case study scenario. Students will demonstrate their understanding of professional behavior and demeanor by using the data from the case study to make appropriate decisions regarding interventions used to change behavior in individuals with special needs. The assignment will include a scenario which presents information for students to complete a written report describing their specific case study. The narrative report must describe the case and include the information that is provided below. Please include the rubric as the last page of the report. (Objective 3 & 4) (ALC Critical Thinking

1. Identify what data collection procedure is being used including a rationale for your selection.
2. Identify what design would be most appropriate to illustrate the data and provide rationale.
3. Graph the data on the appropriate design
4. Use the data to determine if the intervention should be
    a) continued
    b) discontinued and changed to a new course of action (if so, what course of action do you recommend)
5. Support your answer to item #4 with a rationale.
6. Describe social, cultural, and ethical issues that should be considered

Critical Assignments and Florida Educator Accomplished Practices

The Florida Department of Education has identified a set of Accomplished Practices that must be mastered in order to continue in the ESE Bachelor's Degree Program**. For this course, the Educator Accomplished Practice (EAP 2.a.2.b) will be measured by the Data-based Decision-Making Case Study which is the Critical Assignment.** Please read carefully the ESE departmental policy on Critical Assignments.

Assessment criteria:

A student must earn a **minimum grade of 73%** of the points allotted for the Critical Assignment to receive a passing grade in this course. In other words, a student cannot pass the course without successfully completing the critical assignment.

Remediation policy:

- **If a student is passing the course** but has failed to pass the Critical Assignment with a minimum of 73% of the possible points for the assignment, the student will receive an "I" in the course until the Critical Assignment is successfully redone (only one attempt allowed). The conditions and time frame for the resubmission of the assignment will be determined by the instructor. However, the second attempt must be completed within one semester. **Upon successful completion of the resubmitted assignment,** the "I' will be changed to a grade for the course and the student may continue in the ESE sequence of courses. The original points earned for the initial attempt at the Critical Assignment will be used to calculate the final grade in the course. **If the resubmitted Critical Assignment is not successfully passed,** the grade for the course will be C- or below regardless of the total points earned in the course.

- **If a student is not passing the course,** and has failed to pass the Critical Assignment with a minimum of 73% of the possible points, the student will not be allowed to resubmit the Critical Assignment. The student will need to repeat the course and the Critical Assignment.

LiveText:
Students in this course are required by the College of Education to have an active LiveText account to track mastery of programs skills, competencies and critical assignments and to meet program and college accreditation requirements. Students must have an account within: the first four (4) weeks of the fall or spring semester, within the first three (3) weeks of summer session, or after the first class of a fast-track course. Students who do not have an active LiveText account may have an academic hold placed on their record. Information regarding account activation is provided on the College of Education website:
https://www.fau.edu/education/students/livetext/

Course Evaluation Method & Grading Scale.

Professor's strategies to evaluate student performance in this course through:

- Vocabulary activities
- Case Studies
- IRIS module assessments
- Quizzes

ASSESSMENT PROCEDURES:

Assignment	Points	% of Course Grade
Data-based Decision-Making Case Study **(Critical Assignment)**	70	35%
Quizzes (5 @ average of 10 points each)	50	25 %
IRIS Module/Assessment (10 pts) and IRIS Case Studies (3 case studies @ 5 pts)	25	25%
Chapter Vocabulary (11 chapters @ 5 pts)	55	15%
TOTAL	200	100%

Grading Scale

Department Grading Scale
Scores are cumulative and the grade scale represents percentage of total points earned.

A	93-100	A-	90-92	B+	87-89
B	83-86	B-	80-82	C+	77-79
C	73-76	C-	70-72	D+	67-69
D	63-66	D-	60-62	F	Below 60

Note: the minimum grade required to pass this course is a grade of "B." Students must complete all course assignments in order to earn a passing grade.

Policy on Makeup Tests, Late Work, and Incompletes (if applicable)

If you do not accept late work or apply penalties to late work, state so. Please note that students may not be penalized for absences due to participation in University-approved activities, including athletic or scholastics teams, musical and theatrical performances, and debate activities. Instructors must allow these students to make up missed work without any reduction in the student's final course grade. Reasonable accommodation must also be made for students participating in a religious observance. Also, note that grades of Incomplete ("I") are reserved for students who are passing a course but have not completed all the required work because of exceptional circumstances. If your college has elaborated on this policy, state so here.

Special Course Requirements (if applicable)

State if any requirements are associated with the course, such as mandatory field trips or film viewings, special fees, or purchase of course-related materials.

Classroom Etiquette Policy (if applicable)

If you have a particular policy relating to student behavior in the class, such as relating to tardiness or on the use of electronic devices in the classroom, state so here. Recognizing the unique relationship between faculty and student and adhering to the principles of academic responsibility, any such policies must be reasonable, non-discriminatory and not impede the educational mission.

Policy on the Recording of Lectures (optional)

Because of a new Florida Statute in 2021, the following model language is suggested for inclusion in course syllabi, at the discretion of individual faculty:
Students enrolled in this course may record video or audio of class lectures for their own personal educational use. A class lecture is defined as a formal or methodical oral presentation as part of a university course intended to present information or teach students about a particular subject. Recording class activities other than class lectures, including but not limited to student presentations (whether individually or as part of a group), class discussion (except when incidental to and incorporated within a class lecture), labs, clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, and private conversations between students in the class or between a student and the lecturer, is prohibited. Recordings may not be used as a substitute for class participation or class attendance and may not be published or shared without the written consent of the faculty member. Failure to adhere to these requirements may constitute a violation of the University's Student Code of Conduct and/or the Code of Academic Integrity.

Attendance Policy

Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of non-attendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations or participation in University-approved activities. Examples of University-approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absences and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class

meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

Counseling and Psychological Services (CAPS) Center

Life as a university student can be challenging physically, mentally and emotionally. Students who find stress negatively affecting their ability to achieve academic or personal goals may wish to consider utilizing FAU's Counseling and Psychological Services (CAPS) Center. CAPS provides FAU students a range of services – individual counseling, support meetings, and psychiatric services, to name a few – offered to help improve and maintain emotional well-being. For more information, go to http://www.fau.edu/counseling/

Disability Policy

In compliance with the Americans with Disabilities Act Amendments Act (ADAAA), students who require reasonable accommodations due to a disability to properly execute coursework must register with Student Accessibility Services (SAS) and follow all SAS procedures. SAS has offices across three of FAU's campuses – Boca Raton, Davie and Jupiter – however disability services are available for students on all campuses. For more information, please visit the SAS website at www.fau.edu/sas/.

Code of Academic Integrity

Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see University Regulation 4.001.

If your college has particular policies relating to cheating and plagiarism, state so here or provide a link to the full policy—but be sure the college policy does not conflict with the University Regulation.

Watermark (Livetext) Assessment Tool Statement for Course

Students in this course are required by the College of Education to have an active Livetext account to track mastery of programs skills, competencies and critical assignments and to meet program and college accreditation requirements. Students must have an account within: the first four (4) weeks of the fall or spring semester, within the first three (3) weeks of summer session, or after the first class of a fast-track course. Students who do not have an active Livetext account may have an academic hold placed on their record. Information regarding account activation is provided on the college of education website: https://www.fau.edu/education/students/livetext/

Artificial Intelligence Preamble

FAU recognizes the value of generative AI in facilitating learning. However, output generated by artificial intelligence (AI), such as written words, computations, code, artwork, images, music, etc., for example, is drawn from previously published materials and is not your own original work. FAU students are not permitted to use AI for any course work unless explicitly allowed to do so by the instructor of the class for a specific assignment. [Policy 12.16 Artificial Intelligence].

Class policies related to AI use are decided by the individual faculty. Some faculty may permit the use of AI in some assignments but not others, and some faculty may prohibit the use of AI in their course entirely. In the case that an instructor permits the use of AI for some assignments, the assignment instructions will indicate when and how the use of AI is permitted in that specific assignment. It is the student's responsibility to comply with the instructor's expectations for each assignment in each course. When AI is authorized, the student is also responsible and accountable for the content of the work. AI may generate inaccurate, false, or exaggerated information. Users should approach any generated content with skepticism and review any information generated by AI before using generated content as-is.

If you are unclear about whether or not the use of AI is permitted, ask your instructor before starting the assignment.

Failure to comply with the requirements related to the use of AI may constitute a violation of the Florida Atlantic Code of Academic Integrity, Regulation 4.001.

Proper Citation: If the use of AI is permitted for a specific assignment, then use of the AI tool must be properly documented and cited. For more information on how to properly cite the use of AI tools, visit https://fau.edu/ai/citation

AI Flexible Policy:
The use of AI to assist in work assigned in this specific course is permitted only for specific assignments as indicated by the instructor. Use must be properly documented and cited per instructor guidelines.

Required Texts/Readings

Alberto, P.A., Troutman, A.C., & Axe, J. (2022). Applied behavior analysis for teachers, 10 Ed., Pearson.
ISBN-13: 9780135607558 OR *etextbook* ISBN-13: 9780135606186

This course utilizes textbooks and materials selected for their academic rigor and alignment with evidence-based educational practices. All assigned readings and materials support the development of professional competencies outlined in the Florida Educator Accomplished Practices (FEAPs) and course learning objectives.

Supplementary/Recommended Readings (if applicable)

Course Topical Outline

Week	Date	Topics Covered	Readings	Assignment
1	Week of	Explanations of Human Behavior: Getting to the Roots of ABA AND Responsible Use of ABA Procedures	Read Troutman Ch 1 & 2	Vocabulary Activity for Chapters 1 & 2 Reading Quiz Ch 1 & 2
2	Week of	Writing Behavioral Objectives AND Collecting Data	Read Giancola Chapters 3 & 4	Vocabulary Activity for Chapters 3 & 4 Case Study Defining Behavior #1 Reading Quiz Ch 3 & 4
3	Week of	Graphing Data AND Single Subject Designs	Read Troutman Chapter 5 & 6	Vocabulary Activity for Chapters 5 & 6 Case Study Defining Behavior #2 Reading Quiz Ch 5 & 6
4	Week of	Determining Function of a Behavior	Read Troutman Ch 7 IRIS Module	Vocabulary Activity for Chapters 7 IRIS Module Case Study Measuring Behavior #1 Reading Quiz Ch 7
5	Week of	Increasing Appropriate Behavior through Consequences AND Decreasing Challenging Behavior	Read Troutman Ch 8 & 9	Vocabulary Activity for Chapters 8 & 9 Case Study Measuring Behavior #2 Reading Quiz Ch 8 & 9
6	Week of	Differential Reinforcement/Shaping	Read Troutman Ch 10 & 11	Vocabulary Activity for Chapters 10 & 11

		Behavior AND Generalization of Behavior Change		Reading Quiz Ch 10 & 11
7	Week of	Self-Management of behavior	Read Troutman Ch 12	Vocabulary Activity for Chapters 12 Reading Quiz Ch 12 **Critical Assignment**
8	Week of 8	Putting It All Together	Read Troutman Ch 13	Vocabulary Activity for Chapters 13 Reading Quiz Ch 13

[2]This is a tentative schedule and serves only as an approximate guideline for course topic.
